

Conference Packages 2020

Full day & Half day conference packages

Perfectly situated on the V&A Waterfront, the Two Oceans Aquarium is renowned for its magnificent marine displays as well as its distinctive function and conference venues.

Our versatile food and beverage offering is freshly-prepared on-site by a team of seasoned professionals. This world-class facility is the ideal place to thrill and capture the imagination of your guests and colleagues.

Our vision is to inspire action for the future wellbeing of the oceans.

Brownies

Sustainability

Independently certified

We are a proud Diamond status member of the Heritage Environmental Rating Programme and are independently audited on an annual basis.

Water

We have applied water-saving measures in our bathrooms and halved our freshwater consumption. The toilets use sea water to flush, the taps were retrofitted with aerators to reduce water flow, and push-taps with stoppers were installed to encourage really short hand washes.

Energy

We have 500 solar panels on our roof which contribute to the energy supply to keep our animal life support systems running 24/7 365 days of the year.

Waste

Recycling bins dotted throughout the Aquarium encourage our visitors to recycle and we have an on-site waste-sorting facility. We currently recycle 50% of our waste.

Sustainable seafood

We only procure and serve sustainable seafood in line with the Southern African Sustainable Seafood Initiative (SASSI) recommendations.

Education

We educate approximately 100,000 school children per year – 30,000 of these children are visited by our three Outreach Programmes.

Conservation

We are actively involved in a number of conservation programmes, focusing on turtles, seals, penguins, and sharks. Our flagship conservation initiative is the turtle rescue, rehabilitation and release programme – over 400 sick and/or injured turtles have been treated in our facility and released back into the wild.
