

GREAT TO SEA YOU!

Dive back into our underwater world

We've put measures in place to protect you, our visitors, and our staff so that you can dive back into our underwater world with utmost confidence.

BEFORE YOUR VISIT

Buy your ticket online!
This helps us reduce contact points and the need for queues – you can proceed straight to the turnstile.

Are you or your family feeling ill?
Please postpone your visit for another day.

Please take note: As a temporary measure, we have closed the I&J Children's Play Centre and some of our interactive exhibits. We will not be giving presentations during animal feeds until further notice.

DURING YOUR VISIT

All visitors are required to **wear a mask that covers nose and mouth.**

Let's give each other some space. Please **maintain a 2m distance** between yourself and others as much as you can.

Use the free hand sanitiser that is available throughout the Aquarium to **keep your hands clean.**

OUR STEPS TO KEEP YOU SAFE

Based on government regulations and guidelines, we will manage the number of people who enter the Aquarium so that everyone in the building can keep a 2m distance from each other at all times.

Our staff are screened for temperature and Covid-19 symptoms and will always be wearing masks.

Hand sanitiser will be freely available throughout the Aquarium for our visitors' convenience and safety.

Contactless payment options will be available.

Intensified cleaning measures will take place throughout the day, paying special attention to high-contact areas.

Thank you for caring about yourself and others!

We hope you have a FINtastic visit!
