

## **The Two Oceans Aquarium Environmental Charter**

Our vision is abundant and healthy oceans. To achieve this the Two Oceans Aquarium has a unique role to play by inspiring and empowering people to see the connections between their actions and the health of the oceans, and to provide practical actions to lighten our footprint, including leading by example.

### **Vision for sustainability**

To inspire action for the future wellbeing of the oceans

### **Our Goals**

1. To inspire new ways of thinking to enable an appreciation of the links between our behaviour and the wellbeing of the ocean.
2. To provide practical actions to lighten our footprint.
3. To play an active role in the conservation of key marine species.
4. To lead by example.

### **We are committed to:**

- Achieving sound environmental practices across our entire operation
- Complying fully with all environmental legislation
- Minimising our use of energy, water and materials
- Minimising our waste and reducing, recycling and reusing the resources we consume
- Encouraging our staff, volunteers, visitors, tenants, suppliers and contractors to participate in our efforts to reduce our impact on the environment
- Working with others in industry, in education, in public agencies and the broader community to achieve wider environmental goals
- Providing all our employees with the training and resources required to meet our objectives
- Communicating our policies and practices to interested parties
- Monitoring and recording our environmental impacts on a regular basis, and having our performance independently audited against our environmental management system
